Drone shadow strike mod apk 2020

Drone Shadow Strike (MOD, unlimited money) is a real-time war strategy that will move the character to a real battlefield. In this game you will become the operator of multiple unmanned devices, monitor the latest military developments, use the entire allied arsenal to repel all enemy attacks on your fortified positions. But the most interesting thing is that this game will give you the opportunity to participate in battles not only in your own territory, but also on the enemy, after successfully repelling enemy attacks, trying to seize enemy territory, choose the most weakly fortified positions and hit vulnerabilities. It all depends only on your choices and tactics, made up earlier, think in advance of the safest plan for retreat and cover of allied forces. The game has excellent high-quality modern graphics, simple and convenient controls that do not twist any discomfort and a large number of tasks for couples with an exciting story line that will give a lot of positive emotions to real fans or simply fans of this genre of applications.
